

## Isle of Thanet Groundwater and Industry Workshop - nitrates – pesticides – solvents – hydrocarbons -

Talks and poster displays at Pfizer Sports and Social Club on  
15<sup>th</sup> September 2010, call in any time between 10am & 4pm

There is a heavy reliance on groundwater in this part of Kent for drinking water supply, but the groundwater is impacted by hydrocarbons, pesticides, solvents and nitrates causing the area to fail under the Water Framework Directive (WFD).

The water is treated so it is safe for drinking, but this is not a long term solution - if the levels of pollution increase, treatment is unlikely to be cost effective. We are working with a lot of people, including water companies and farmers to improve groundwater quality, now and for future generations. We would now like to highlight and discuss these issues with industry.

**This event is  
FREE but  
please book to  
secure a place  
as numbers  
are limited**

If you need any more  
information, please  
contact us on:

**01732 223191**

**This workshop is supported by our partners and will include displays by local environmental consultants, UK spill contractors and fuel storage system maintenance services. There will also be a series of talks throughout the day.**

These will be as follows:

**What's up with Thanet's groundwater?**

**Protecting Thanet's Groundwater – Pollution Prevention**

**Open Discussion**

These will be repeated three times throughout the day at the following times:

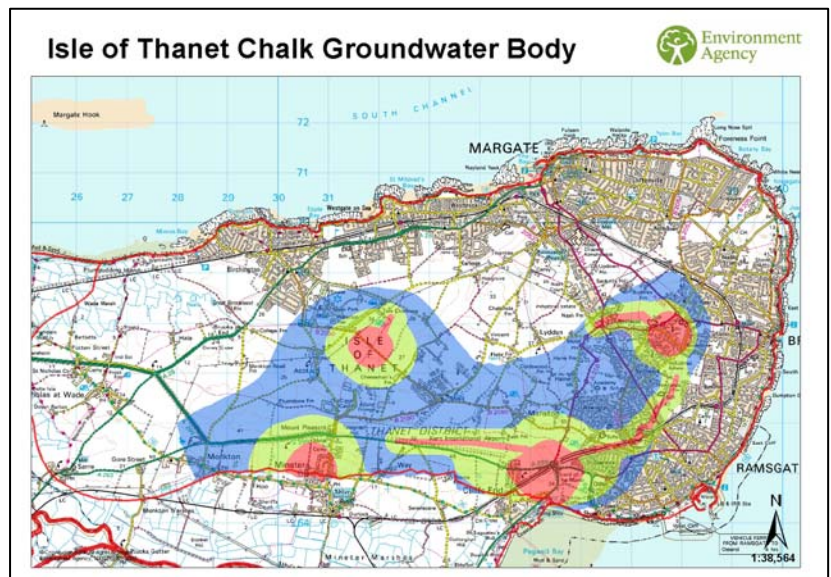

Session A 10:15 – 11:30

Session B 12:30 – 13:45

Session C 14:30 – 15:45

**Location:  
Pfizer Sports and  
Social Club  
Sandwich  
Kent  
CT13 9QL**

The social club is situated on the A256 between Sandwich and Ramsgate. If you require a map and detailed directions, please request this in your RSVP.

Please indicate in your RSVP which session you would like to attend or if would like to just view the poster display.
